Circus Harmony's Third Annual Juggling Ball

Dec 28, 2015

Circus Harmony helps people soar - physically, mentally, emotionally and socially. Their Juggling Ball raised money for their Flying Children Scholarship Fund and Peace Through Pyramids program. Gala-goers dressed sparkly, danced, dined, drank and bid on an array of auction items. It was an elegant, fun, delicious and delightful evening. There were phenomenal performances and even backstage tours of Circus Harmony by their incredible young performing artists. Proceeds from the gala will help children defy gravity and other limitations. Circus Harmony already has alumni touring the world with circuses, teaching in elementary schools, going to college and soaring as people.
